

English	Maths	Philosophy for Children	How can you help your child?
<p>Fiction- 'Twisted' Tales and Play scripts,</p> <p>Non-fiction - recounts of real events. E.g. school trips,</p> <p>Poetry- Narrative poems e.g. 'The Highway Rat' by Julia Donaldson</p>	<p>Number: Place value, multiplication and division, addition and subtraction, fractions and decimals.</p> <p>Geometry & Statistics: properties of shape and data handling.</p> <p>Measurement: mass, capacity and length / distance.</p>	<p>In these sessions the children will use a stimulus (book, poem, picture or film) to create open ended questions. These questions will be discussed in a philosophical enquiry. These sessions will develop children's thinking, speaking and listening skills.</p>	<p>Help your child with their homework and ensure that it is returned on time.</p> <p>Encourage your child to research the topics we are studying in their own time, by visiting the library or going onto the internet.</p> <p>Listen to your child read on a regular basis.</p>
Science	COMPUTING	R.E.	History / Geography
<p>Forces and Magnets During the first half term we will be studying forces and magnets.</p> <p>Nutrition In the second half of the term we will be learning about nutrition in animals, including humans.</p>	<p>In the first half term we will be learning how to use Excel. This will include programming functions.</p> <p>In the second half of term we will be working on collecting and presenting data.</p>	<p>Buddhism and Sikhism.
